

Fact Sheet

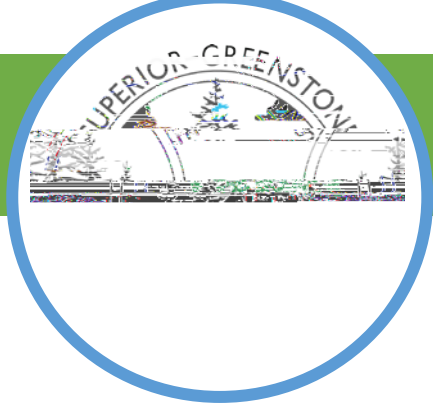

The health, safety and well-being of students and staff is a top priority as schools are reopened.

Schools will continue to create a welcoming, respectful, inclusive, and supportive environment for all. They will educate students and staff about the importance of not stigmatizing those that may have been tested or exposed to the virus. Promotion of healthy coping strategies and pathways to help within the school and community will be a priority.

SCHOOL ATTENDANCE

Superior-Greenstone District School Board will not be offering the ~~partial~~ school model next year.

Fact Sheet

Fact Sheet

RECESS

- 9 Students should at least have two sessions of organized outdoor activity during the day, which is imperative for their mental health and well-being.
- 9 The first session should be teacher led, as part of classroom instructional time and will be connected to the curriculum. These sessions will have to take place in designated parts of the school grounds and may have to be scheduled as part of the overall school timetable.
- 9 The second session will be part of the lunch hour and will be supervised by school staff in a designated area of the school at a specific designated time, dependent on the size of the school. It is recommended that the outdoor activity be structured using games of low organization or some other guide. Students can be part of choosing the activities, and schools/classrooms may use these games to develop friendly competition.
- 9 Activities may have to be adapted to maintain safety protocols. The following link may be

Fact Sheet

BREAKS AND WASHROOM ACCESS

- 9 Cohorts will have designated washrooms and each school will provide orientation to all staff and students with regards to access and sanitization.
- 9 Each class will have a designated stall/stalls in the washroom following for safety guidelines to be followed.

ATTENDANCE

- 9 Attendance procedures will be established at each school to ensure that students are present either virtually or face to face.

STUDENTS LEAVING THE SCHOOL PREMISES

- 9 We encourage students to remain on the school premises during the school day unless travelling home for lunch.
- 9 Should someone leave the school property, entry hygiene routines would be required.

CLASSES

- 9 The primary focus of instruction will be on the achievement of overall expectations across all subjects and grades. Support will be provided for all students as usual despite the model required by the Ministry of Education.
- 9 September will allow staff and students to establish routines and procedures while performing important diagnostics to best understand the needs of all students. We will ensure that the slow relational approach is taken to meet the diverse needs of all learners returning to school.
- 9 Students across the world will have experienced learning gaps due to covid. Our staff will work hard to be responsive to the learning needs of everyone.

SHARED MATERIALS

- 9 Shared materials are important for learning (for example, toys for imaginative play in kindergarten, manipulatives for math, computers and other tech materials, books, art supplies, indoor physical education equipment and shared outdoor equipment). The use of shared materials is permitted. The risk associated with transmission with shared objects is low. The focus should be on regular hand hygiene and respiratory etiquette to reduce the risk of infection related to shared equipment, particularly when regular cleaning of shared objects is not feasible.
